RE: Docket No. 2006-92-WS - Application of Carolina Water Service, Incorporated for  
Adjustment of Rates and Charges for the Provision of Water and Sewer Service

Dear Ms. Valtorta:

Thank you for your email correspondence of January 10, 2009. I am forwarding your email to the parties in the case so that they can be heard regarding the procedural concerns you have raised regarding the Public Service Commission's hearing on remand of October 1, 2008, and its subsequent order, dated December 30, 2008. If necessary, the Commission will take action after their responses are received.

In your letter, you also inquired about how the Forty Love Point Homeowners Association could go about seeking a change in water service providers. Because any transfer of service would have to be approved by the Commission, I do not believe that it would be proper for the Public Service Commission to answer this question, as doing so could cast doubt on the agency's impartiality in the event that related issues should arise in a future proceeding. Your homeowners' association may want to associate counsel with experience in this area of the law, if it needs additional advice on this matter.

With best wishes, I am,

Sincerely yours,

Charles L.A. Terreni
